

Hudson-Essex-Terraplane Club, Inc.

What is the Southern California HET Chapter?

It is about acknowledgement of the countless engineering innovations of **Hudson, Essex and Terraplane (HET) automobiles**, memories of traveling across the United States, the elegant styling details, & the affordability of the cars, even today. It's about **Family, Friends and Fellowship**. If you **own a Hudson** or are **interested in the Hudson Motor Cars**, please join us. You will find parts and technical assistance faster in the **HET** than anywhere else.
